Have Fun & Let the Learning Begin!!

Zany Science Activities ~ Hands-on ~ Minds-on!!

Wednesday 1st - 5th grades

3:00 to 4:00 pm

Through **Spectrum of Science** children will accomplish success in science and learn about unusual topics with zest and zeal! We encourage questioning, independent thinking and self discovery. Each day children conduct a variety of hands on experiments and make and take home a science project based around a specific scientific concept.

FINDING PHYSICS!:

Newton's Laws of Motion are here! Power, Power & more power! Electrically powered rocket cars! Stretchy roll alongs! Create with K'nex! It's widgets & wheels! Magnets & imaginations gone wild! With propulsion & physics, you can do it all!

\$82 (includes \$5 Facility Fee & \$25 Supply Fee)

9/23, 9/30, 10/7, 10/14

HERE WE GO HUMAN!

This is the most requested topics for 1009-2010! Kids said: "Do the human body"! This lab covers that boney skeletal frame! Communication without sight & sounds could be difficult! Try it! Make a model of the human eye! Listen to the good vibrations! Our nose is a source of things to come! Study the "connector" of all of this!

\$62 (includes \$5 Facility Fee & \$5 Supply Fee)

10/21, 10/28, 11/4, 12/2

EXPLORING THE OUTER REALM!

Spin & spiral around the solar system! What is out there? Are moving objects crashing into others or just staying put? What makes stars twinkle? Locate the Beehive cluster? Check for planet X! This celestial universe is a great unknown and this generation of future scientists are motivated to travel to distances unknown!
